

## Seven Truth's about Reproducing

**Vision:** Connect people to God, others, ministry, and the lost.

**Strategic Process:** Connect people to God through *worship services*, to others through *small groups*, to ministry through *ministry teams*, and to the lost through relational evangelism (*invest & invite*).

**Ministry Action Plan:** Reproduce (1) leaders, (2) groups, (3) services, and (4) campuses to effectively connect more people in Dade County to God, others, ministry, and the lost.

### 1. Reproducing is biblical.

The things you have heard me say in the presence of many witnesses, entrust to faithful men who will be qualified to teach others. (II Timothy 2:2)

### 2. We will be able to reproduce because we are simple.

When something is complex, it is difficult to reproduce.

### 3. Reproducing is good stewardship.

- Of people, resources, and finances

### 4. Reproducing creates more significant ministry opportunities.

People are given opportunity to be on the front edge of making something happen for the kingdom.

### 5. Reproducing campuses will decrease the drive-time deterrent for deeper connection.

It takes an hour to drive from the top of Miami-Dade County to the bottom.

### 6. Reproducing campuses will give us a missionary mindset.

### 7. We must reproduce what is healthy.

We want to reproduce healthy. It takes healthy leaders to reproduce healthy groups, services, and campuses. You and I must be healthy leaders.
